*RQ-0405-JC*

Dear Committee Members:

Our office received a request for an opinion by a county official regarding the interpretation of the above-numbered statutes. This office researched the issues presented and provided an opinion but it appears that the issue is still unresolved and this Office hereby requests an Attorney General's Opinion.

**QUESTIONS PRESENTED**

Whether Cameron County Commissioner's Court complied with the statutory procedures when it selected an out-of-county bank as its depository given that four in-county banks also applied?
